

CELESTE NAGY, MD

BEATY FACIAL PLASTIC SURGERY
FACIAL PLASTIC SURGEON

Plastic surgery may be a hot trend, but Dr. Celeste Nagy of Beaty Facial Plastic Surgery's passion for facial plastic surgery spans back to her medical residency at Emory University. She's utilized her skills in aesthetics to inspire confidence in others as well as carve out a space for herself in both Atlanta and the facial plastic surgery industry.

For Dr. Nagy, facial plastic surgery is more than just the procedure and the artistry behind it: it's about being a vessel to help others find a renewed sense of confidence. "I want you to feel like the most natural and rejuvenated version of yourself and not compare yourself to anyone else. This is your journey and I am honored to be part of it," she tells her patients.

To do this, Dr. Nagy is not only technically skilled in all things face and neck, but she takes pride in tailoring each procedure to a patient's specific features. Specializing in not only rhinoplasty and aging face procedures, but also facial feminization and masculinization surgeries, these only demonstrate a portion of this Dynamic Woman's skillset. She performs facial shaping procedures like facelifts, liposuction, and facial implants while also relying on her bilingual background in English and Spanish. Additionally, Dr. Nagy is a double board-certified facial plastic surgeon, an achievement where less than 20% are female in both the country and the world.

Dr. Nagy's next steps are to grow her practice and become more ingrained in the Atlanta community. "I love being a facial plastic surgeon both from an artistic and technical standpoint, but also enjoy getting to know patients on a personal level," she says. Dr. Nagy continues to exhibit dynamism through her community partnerships including Face to Face, an organization offering reconstructive procedures to domestic violence survivors.

“MY SUCCESS IS DUE TO BELIEVING
IN MYSELF, BEING FUTURE-
ORIENTED AND LEANING ON FRIENDS
AND FAMILY FOR SUPPORT.”
