

DR. MARK BEATY, MD

BEATY FACIAL PLASTIC SURGERY
FOUNDER & CEO
FACIAL PLASTIC SURGEON

A lifelong learner, esteemed facial plastic surgeon and community leader, Dr. Mark M. Beaty epitomizes what it means to be a Modern Man. As the Founder and CEO of Beaty Facial Plastic Surgery, Dr. Beaty has spent his career making a positive impact on his patients, community and the medical field as a whole.

Fascinated with the personal side of the aesthetics industry, Dr. Beaty is changing lives through the transformative effects of plastic surgery and his lifelong commitment to organizations that support facial plastic surgeons worldwide. With warmth and compassion forming the cornerstones of his practice, he's revolutionizing his industry—one client at a time.

"As I trained further and understood how much difference improved aesthetics could make in people's lives, the deal was sealed," says Dr. Beaty.

Committed to continuous improvement, Dr. Beaty remains inspired by individuals striving for personal growth—a principle he integrates into his life and business. A self-described "do-er," his unyielding persistence and unwillingness to quit are remarkably contagious. Adding a touch of artistry to everything he does, his innate ability to recognize beauty and enhance it is next to none.

A leader in his community and field, Dr. Beaty is currently nominated for president-elect of the American Academy of Facial Plastic Surgery and hopes to serve in that role ascending to the presidency in 2024. Continuously showing up for his clients and community, his work ethic and dedication to his field are unmatched. A believer that Modern Men are unlimited in ability and flexible in nature, he continuously pushes to become the most effective version of himself.
